Hiring for the Job - Start Work with 1 Hour Notice - Ranging from -1 to 1000 (negative to positive) the keyword and phrase stats give a rough idea of the search relevance. For example, in 2007, when the keyword emerged, the monthly search volume was around 250. By 2014, the monthly volume reached nearly 50,000. The life cycle of a keyword is complex, which makes it difficult to predict. An increase in volume could mean a search query has become popular, or could mean advertisers are optimizing on Google for the keywords. It is also possible that the same keyword could mean different things over time. When a company is forming, it's imperative to gain as much data as you can about the keywords your competitors are using. Use Google Keyword Planner, which you can sign up for through a Google or Google Webmaster account. When you first sign up, you'll get your own keywords, but you'll also get access to the Keyword Ideas feature, which pulls keywords and keyword ideas from the content on your site. You'll also get keyword suggestions from AdWords. However, keep in mind that Google could change your keywords if you're listed in the dictionary. For more information, Google warns that Google Keyword Planner is not for sale and uses proprietary algorithms, so it's important that you trust it to give you an accurate list of keywords. Do not base all of your search engine optimization on keyword searches, and always track social media metrics. Using the right keywords and overall search strategy are essential to the success of your website. The Webmaster Do's and Don'ts DO: Use a basic content management system, such as WordPress, with one-click install add-ons, such as the Yoast SEO plugin and WordPress SEO by Yoast. These systems allow you to make simple changes to your website's URL and routing. Make sure your website ranks high in Google! Make sure you have set up your pages to track the number of visitors to each page from any link on your site. Make sure you have at least one page that is very similar in content and structure to your home page. Call it /index. Make sure you have a clear call-to-action for visitors to click. Make sure you are
